Legacy is for people with connectors or clients from past versions on their computer
Strong is for starting a fresh and new (we are doing this one)
If you have an older computer and we can not connect to the sever this might be one of the issues.

DataGrip Download

The screenshot shows the JetBrains DataGrip download page for macOS. The browser address bar displays the URL <https://www.jetbrains.com/datagrip/download/#section=mac>. The page header includes the JetBrains logo, the product name "DataGrip", and a "Buy" button. A "Download" dropdown menu is visible. The main content area features the DataGrip logo, version information (2021.2.4, Build: 212.5457.41, 7 October 2021), and links for system requirements, installation instructions, third-party software, and other versions. The "Download DataGrip" section has tabs for Windows, macOS (selected), and Linux. A green arrow points to the "Download" button, which is circled in green. The button also shows ".dmg (Intel)" and a dropdown arrow. Below the button, a message states "DataGrip is available for Intel and Apple Silicon". At the bottom, a section promotes the "Toolbox App" for downloading DataGrip and its future updates.

The screenshot shows the JetBrains DataGrip download page in a web browser. The URL is <https://www.jetbrains.com/datagrip/download/download-thanks.html?platform=mac>. The page has a dark header with the JetBrains logo and 'DataGrip' text. Below the header, there's a navigation bar with 'Overview' and a 'Buy' button. The main content area has a large heading 'Thank you for downloading DataGrip!' and a subheading 'Your download is complete. If it doesn't, please use the instructions below.' Below this, there's a link to 'Download and verify the file SHA-256' and a link to 'Third-party software used by DataGrip'. A macOS file opening dialog is overlaid on the page. The dialog title is 'Opening datagrip-2021.2.4.dmg'. It shows 'You have chosen to open: datagrip-2021.2.4.dmg which is: DMG file (452 MB) from: https://download-cdn.jetbrains.com'. The question 'What should Firefox do with this file?' is followed by three options: 'Open with DiskImageMounter (default)' (selected), 'Save File', and 'Do this automatically for files like this from now on.' (unchecked). The 'OK' button is highlighted with a green circle. Green arrows point to the 'Click' text and the 'OK' button. At the bottom, there's a section 'New to DataGrip?' with links to 'Quick Start', 'Explore the features page', and 'Follow us on twitter'.
